skill proficiency

- I am highly proficient in writing clean and efficient JavaScript.
- I have awesome skills in UI/UX Designing.
- I have great understanding of Node.JS.
- I have experience in building RESTful API's.
- I am great with mongoDB for Database Server.
- Last but not the least, I am also a good communicator with great communication skills.

interests

Strong desire to learn more

whenever someone says, "Hey buddy, you know so much..", i always reply them, "...still there's a lot to learn".

Great interest in graphic designing

almost everything is directly or indirectly related to graphics, graphics are the ones which make us feel alive, wouldn't it be nice if someone feels alive with my creations ??
